Tips to make your visit more pleasant

Enjoy your day at Disneyland to the fullest with these time and energy-saving suggestions:

Attractions

No matter what the season, the best time to see the most popular attractions is early in the day (before noon) and just before closing.

Also, plan on eating your meals early or late so you'll avoid the lunch and dinner rushes.

If you plan to do some shopping, don't hold off until the end of the day. The shops are usually the busiest at that time.

The descriptions on pages 6-25 will help you decide what attractions you'd like to see, where you might want to eat and which shops you'd like to browse through. The Park map on the inside is a helpful guide.

No tickets are required on any attraction: your Passport provides unlimited use of all adventures and attractions (except Arcades).

Safety Considerations

Shoes and shirts must be worn at all times in Disneyland. We request that no food or beverages be brought into Disneyland. A picnic area is located west of the Main Entrance for your convenience. Also, for the comfort of those around you, we request that there be no flash photography, eating or drinking in any attraction. **Smoking is not permitted in any attraction or waiting area.**

We thank you for your cooperation and consideration.

Attention Young at Heart! Splash Mountain, Space Mountain, Star Tours, Matterhorn Bobsleds, Big Thunder Mountain Railroad and Autopia have boarding restrictions. Guests should be in good health and free from heart, back or neck problems, motion sickness or other conditions that could be aggravated by these adventures. Expectant mothers and children under 3 should not ride. See a host or hostess at these attractions for more information.

Re-entry to Disneyland

If you wish to leave Disneyland and return the same day during regular operating hours, a valid Disneyland Passport and a hand stamp are required for readmission. You may also re-enter the parking lot on the same day (free of charge) if you retain your parking ticket and present it at the Guest Parking Entrance.

Are you a visitor or guest of the Disneyland Hotel leaving by way of the Disneyland Hotel Monorail Station? You must have a valid Disneyland Passport and a hand stamp as you exit the station if you plan to return to Disneyland the same day.

Disney Characters

Find Disney Characters throughout Disneyland at any given time. You can usually see Mickey Mouse and his friends in Town Square (except during parades). Just keep your eyes open and your camera ready.

Photo Processing by Fox Photo

Drop off your film at various locations throughout the Park and at the Disneyland Hotel for two-hour or next-day processing by Fox Photo. You may pick up your prints at the Camera Center on Main Street or Castle Sundries at the Disneyland Hotel.

For your safety and convenience at parade time, please honor designated parade viewing areas and use designated crosswalks.

A TREASURE CHEST OF TRIVIA

What follows is a collection of little-known facts, historical items and odd curiosities that can be found throughout the lands of Disneyland Park.

Main Street USA

- ◆ The ornate base of the Town Square flag pole was discovered in 1955 on Wilshire Blvd. at the scene of a traffic accident - a car ran into a lamp post and the base was bought for \$5.00. The flag pole is 65 feet high.
- ◆ The cannons in Town Square were built by Hutchkiss in Paris, France. They are French cannons used by the French Army in the 19th Century.
- ◆ The street lamps on Main Street are 150 years old. They were purchased in Baltimore, Maryland for three cents a pound.
- ◆ The train engines, the C.K. Holliday, E.P. Ripley, Ernest S. Marsh and the Fred Gurley, were all named after the founder and executives of the Santa Fe Railroad.
- ◆ The engine of the first train in the Park was a larger scale reproduction of Walt's toy engine the "Lilly Belle" (named after Walt's wife, Lillian).
- ◆ The nickelodeon in the Penny Arcade is a replica of a Welte Sohne Grikeburg I/B Orchestion which was built in the late 19th century. It plays everything from waltzes to ragtime. The music is created by means of perforated paper rolls.
- ◆ Abraham Lincoln's speech in GREAT MOMENTS WITH MR. LINCOLN is actually a composite of various speeches delivered by the Great Emancipator.

Adventureland

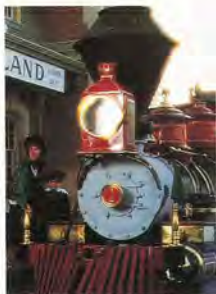

- ◆ Original plans for the Jungle Cruise called for real wild animals, but zoologists warned Walt that the animals would always be asleep during operating hours.
- ◆ Jose the Macaw, star of the ENCHANTED TIKI ROOM, used to sit on a perch above the entrance to Adventureland greeting guests. But he was soon removed because he proved too popular and created crowd congestion at the entrance.
- ◆ The fabricated tree that houses the SWISS FAMILY TREEHOUSE is a very rare "species" known as a "Disneydendron."
- ◆ Harper Goff, a scenic designer at Walt Disney Imagineering, based many of the visuals elements of THE JUNGLE CRUISE attraction (especially the boats) upon the famous Humphrey Bogart, Katharine Hepburn film, "The African Queen."

New Orleans Square

- ◆ Facial designs for the figures in the PIRATES OF THE CARIBBEAN were modeled after staff members at Walt Disney Imagineering.
- ◆ The One-of-a-Kind Shop was inspired by Mrs. Disney's love of antiques.

Critter Country

- ◆ The Indian Burial Ground on Tom Sawyer Island was originally located in the old Indian Village (present site of Critter Country).
- ◆ The current site of SPLASH MOUNTAIN was formerly the den of a snoring, hibernating bear named Rufus.
- ◆ Critter Country was formerly called Bear Country (1972-1988).

Frontierland

- ◆ The pond along Big Thunder Trail still contains jumping fish left there from the Old Mine Train attraction.
- ◆ In the early years of the Park, the Rivers of America was stocked with catfish and fishing was allowed off the docks of TOM SAWYER ISLAND.
- ◆ The maiden voyage of the MARK TWAIN was made before opening day, during Walt's wedding anniversary celebration.
- ◆ The COLUMBIA SAILING SHIP was the first three-masted windjammer built in the United States in over one hundred years.
- ◆ The water tower adjacent to the Frontierland Train Station is an actual, functioning water tower used for Disneyland's authentic steam trains.
- ◆ The first two keelboats at Disneyland Park, the Gullywhumper and the Bertha Mae, were the original boats used in the Disney film, "Davy Crockett and the River Pirates."

Fantasyland

- ◆ Walt Disney's family crest can be seen above the archway at the entrance to SLEEPING BEAUTY CASTLE.
- ◆ 22K gold leafing covers the spires of SLEEPING BEAUTY CASTLE, the mechanisms of the DUMBO FLYING ELEPHANTS and IT'S A SMALL WORLD.
- ◆ 150 year old miniature pine trees inhabit the banks of the STORY BOOK LAND CANAL.
- ◆ Mr. TOAD'S WILD RIDE was originally planned as a roller-coaster type attraction. Walt toned it down, feeling that adults would shy away from such a "wild" Wild ride.
- ◆ The horses of the KING ARTHUR CARROUSEL are 90-110 years old and are classic hand-carved and painted horses with no two exactly alike.
- ◆ The Evil Queen from "Snow White and the Seven Dwarfs" can often be seen staring out of a window above "Snow White's Scary Adventures."
- ◆ Fantasyland was totally remodeled and reconstructed in 1983, featuring new versions of favorite attractions.

Tomorrowland

- ◆ In the early years of the SUBMARINE VOYAGE, "real" mermaids could be found atop the coral reef of the lagoon.
- ◆ Originally, the AUTOPIA FREEWAY cars were supposed to teach youngsters how to drive safely. The young test drivers reduced the original 36 cars to 6 by smashing into each other. Therefore, large bumpers were incorporated into the design of the cars.

The Disneylandscape

- ◆ Disneyland Park contains plants from over 40 different nations.
- ◆ The eucalyptus trees on the west side of Main Street are over 30 years old.

KODAK PICTURE TIPS FOR Disneyland®

1 For sharp pictures, hold your camera steady as you gently press the shutter release.

2 Add a feeling of depth to your pictures by "framing" the subject with a foreground object such as an arch or tree branch.

3 Personalize your pictures by including friends or family members in the foreground.

4 For natural pictures of people have them involved in a fun activity rather than staring at the camera.

5 Make title pictures for your picture story by photographing identifying signs.

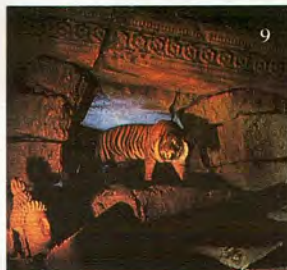

6 Concentrate on your subject by moving in close, filling the entire viewfinder (check your camera manual for minimum subject distance). Or capture interesting details with a telephoto lens or Kodak FunSaver Telephoto 35 camera.

7 When the action or a scenic view is larger than your regular camera can handle, try a wide angle lens or the Kodak FunSaver Panoramic 35 camera.

8 For good flash pictures be sure to keep your subject within the flash distance range for your camera. Flashes are not functional for subjects beyond 50 feet, such as fireworks.

9 When light is low and a flash is inappropriate, you can use fast films such as Kodak Gold Plus 400 or 1600 films.

Need film? Want photo advice? See the experts at the Camera Center presented by Kodak, on Main Street, U.S.A. Kodak film and cameras are also available at other shops throughout Disneyland.

Forget your camera? Kodak FunSaver 35 cameras are available at shops throughout Disneyland. Or go to the Camera Center to find out about camera rental.
